1-4 years.

👑 **SERVING TEMPERATURE**
Between 7° & 10°C.

SITUATION

Petit Chablis is located on the peripheral area of the appellation Chablis, characterized by the terrain of Portlandiens which has a high percentage of limestone with a small layer of arable earth. Petit Chablis is located on higher ground, on stony terrain, on the rather light zones and on eroded plateaus.

TASTING AND FOOD PAIRINGS

Young and crispy, with delicate floral and fruity aromas, this wine, light to medium-body, is lighter in style than a Chablis. It retains though the typical mineral characteristics of the area. The wine is vinified in vats to ensure that its freshness, minerality, floral aromas and fruity notes are secured. It is ready to drink young when it has already developed its charm and finesse.

To serve with: cold as an aperitif or with starters, seafood or snails.
